# Objectives

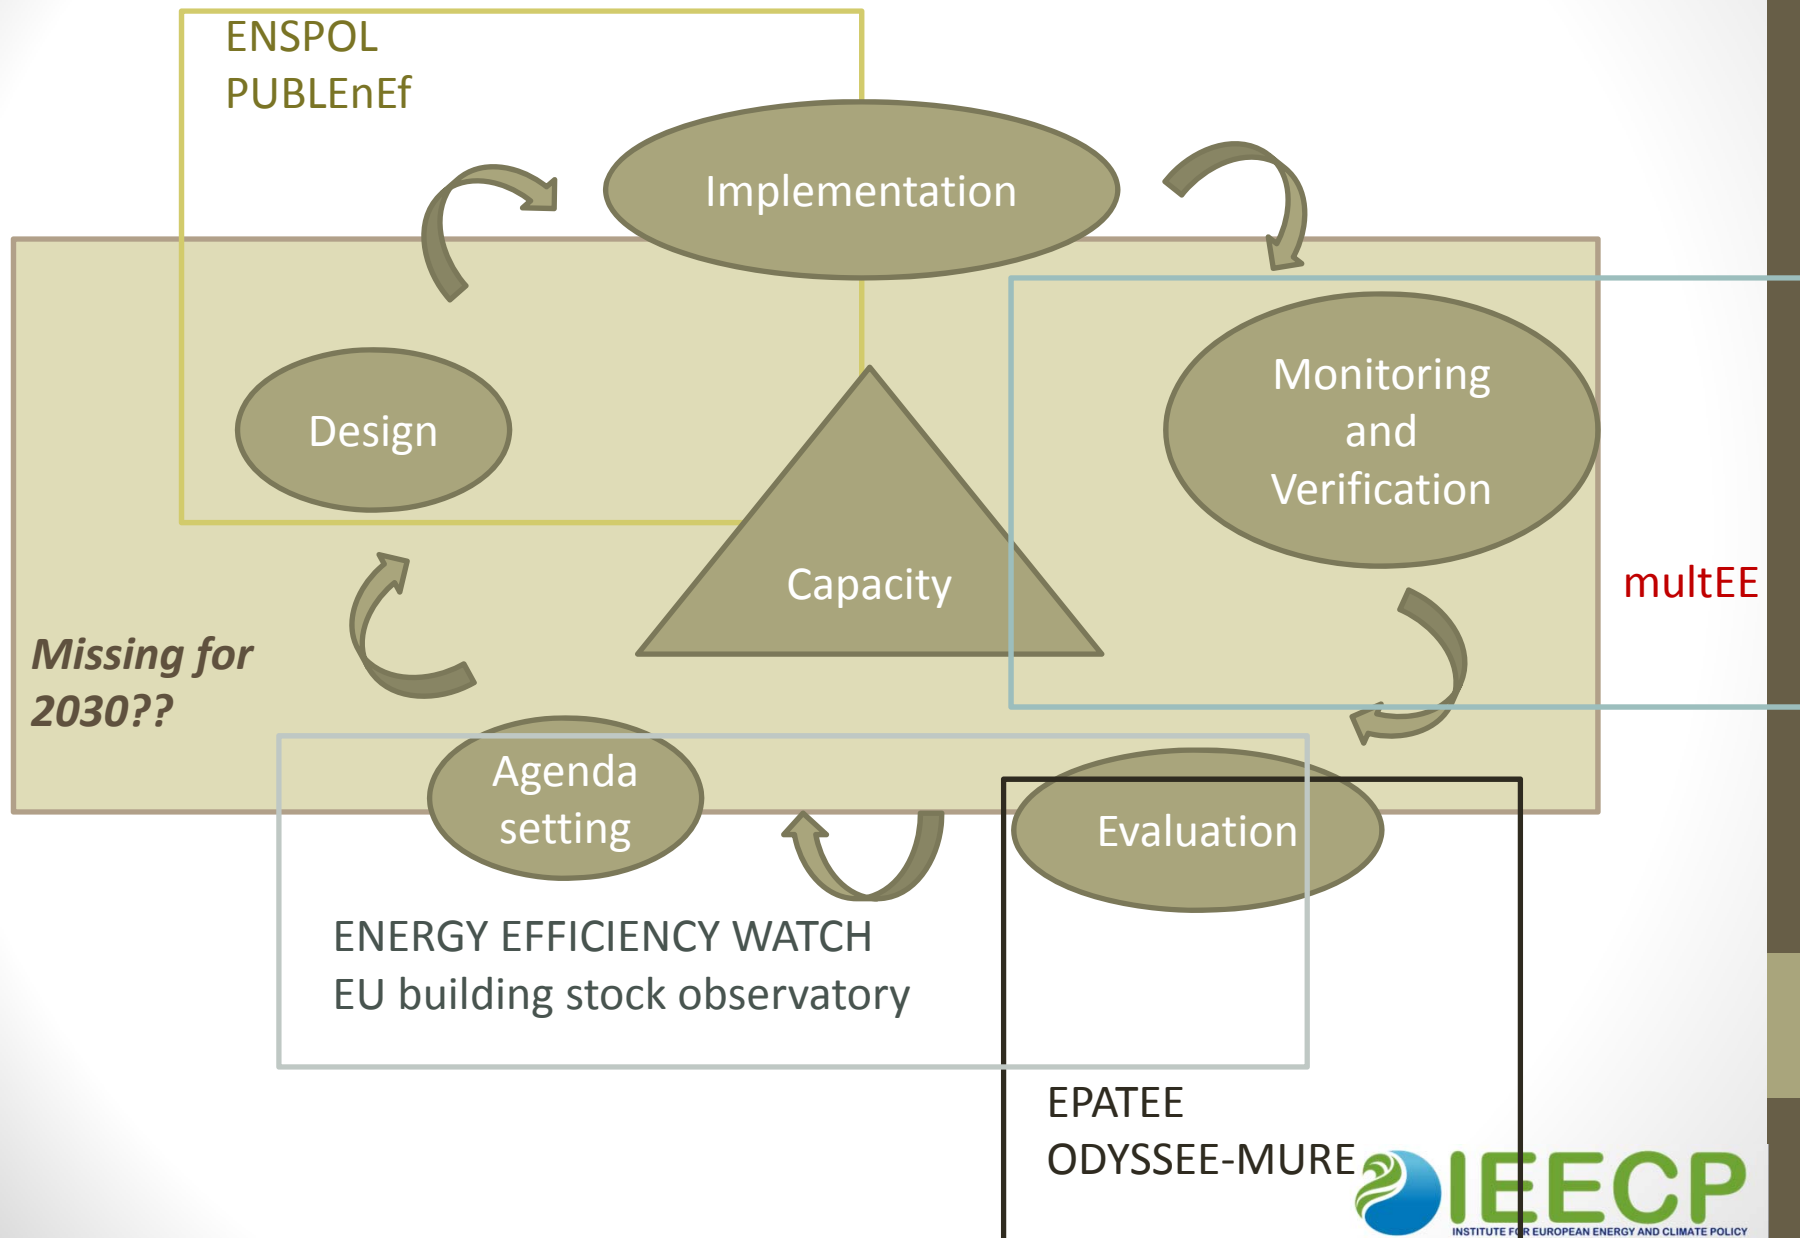

*To map the policy implementation gaps and stakeholder capacity building needs of national stakeholders across the EU*

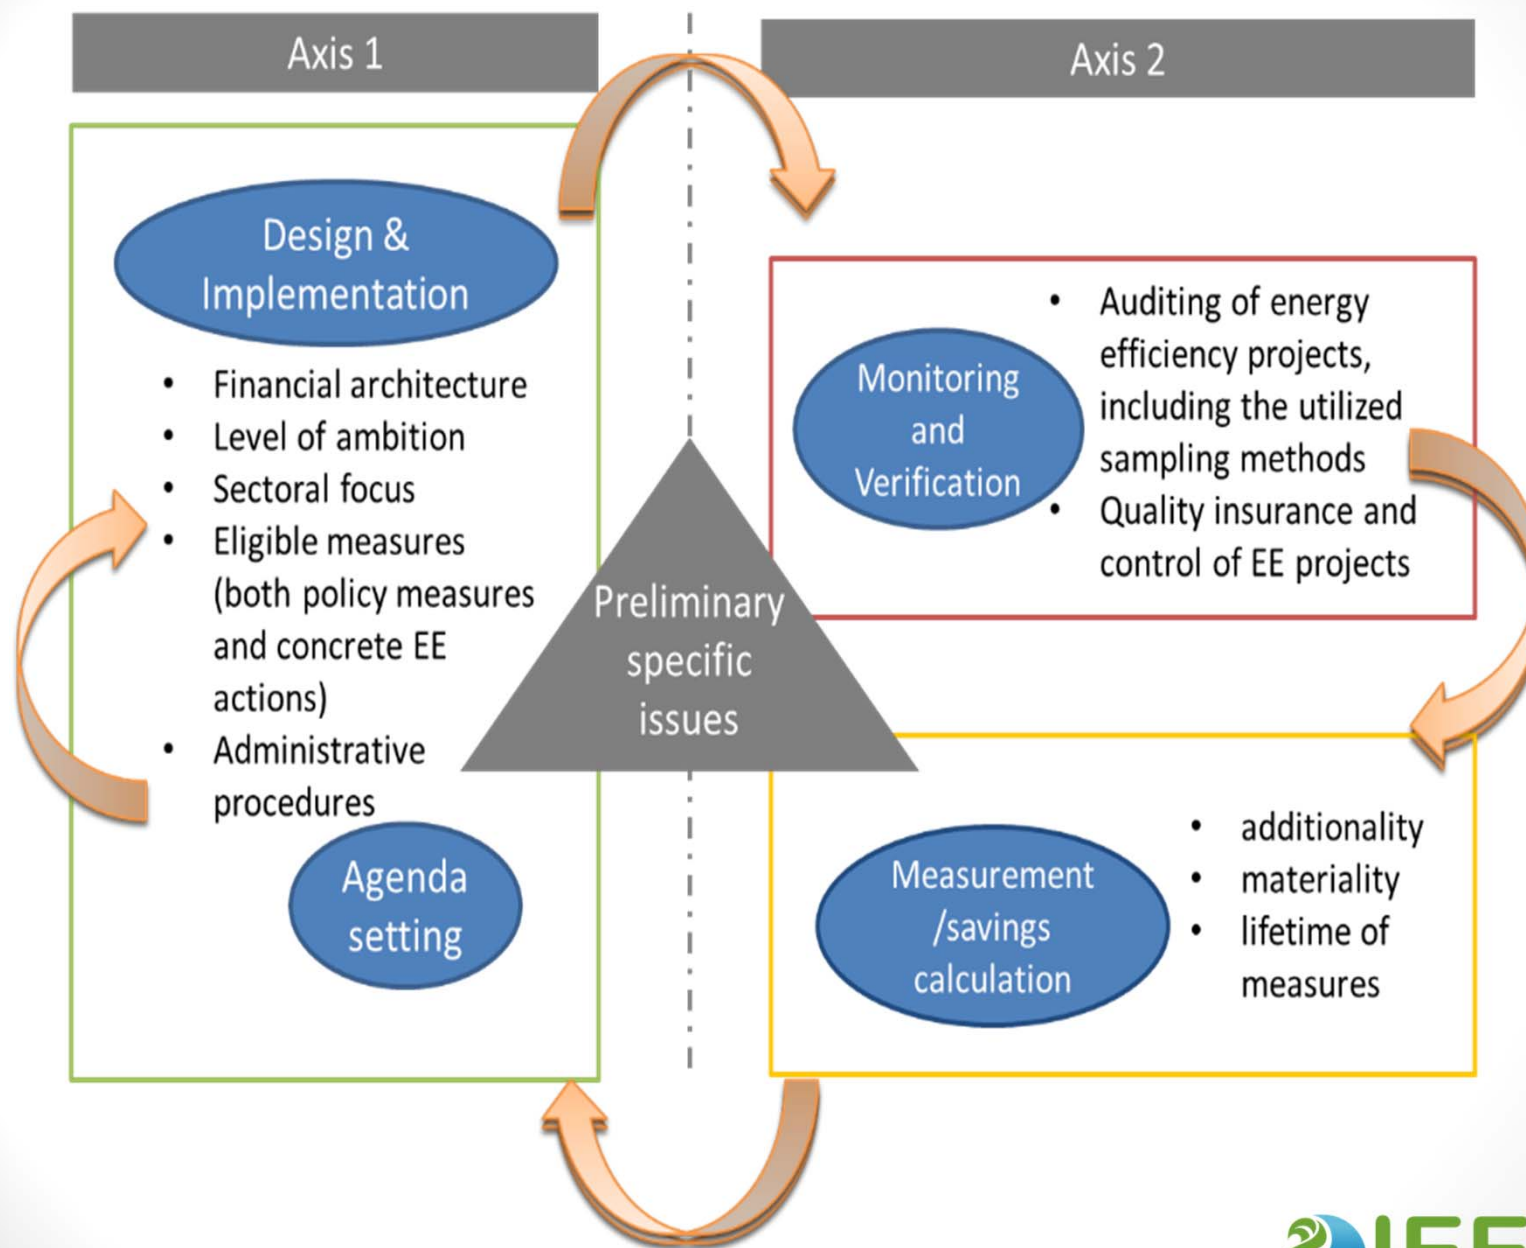

*To develop solutions and design a suite of tailored resources and tools to address gaps and match them to the stakeholder capacity building needs identified*

*To establish an interactive stakeholder community, coordinate and facilitate the sharing of experience, peer learning and knowledge transfer amongst policymakers, implementers and other key stakeholders*

*To enhance public authorities' in-house monitoring, reporting and verification (MRV) schemes with a view to ensuring they have robust data and insight to inform the (re)design of policies towards 2030*

# How this idea came up
